

7008 AQUA PLUS

DESCRIPTION	Impregnating protective and water-repellent product for low porosity materials
SPECIFICATIONS	Film coating agent designed for the hydrophobization of all building materials. The protective layer provides effective protection of the surfaces against heavy rain and the accumulation of aggressive pollutants. Suitable for natural and artificial facing stone, terracotta, exposed brick, cement and cement agglomerates, clinker, porcelain stoneware, non-glossy marble. Ideal for low porosity surfaces. Does not result in colour changes and reduces yellowing over time.
HOW TO USE AND DOSING	Product ready for use. Apply the product to a clean, dry surface with a brush or low-pressure lance. Remove any residues with a clean cloth.
SPECIFICATION	Appearance: transparent colourless liquid pH: 4,5 +/- 0,5 Specific weight [g/ml]: 1.000 +/- 0.020
USE AND COMPATIBILITY	Suitable for natural and artificial facing stone, terracotta, exposed brick, cement and cement agglomerates, clinker, porcelain stoneware, non-glossy marble. Caution: try on a small hidden part to check for colour changes. Do not apply the product if rain is forecast.
USE & STORAGE PRECAUTIONS	Store in original containers. Avoid extreme temperatures. See the safety data sheet for more information on use and disposal.
CHEMICAL COMPOSITION	See the safety data sheet for more information on the product's ingredients
WARNINGS	FOR PROFESSIONAL USE ONLY. The information contained in this Technical Data Sheet, recommendations for use and applications of the product are based on our knowledge and on the tests carried out on the product as of the date of this document. The product may have different applications and operating conditions may vary depending on materials and environmental conditions we are not aware of. Italcimica cannot therefore be held liable for the suitability of the product and the results for your processes, as it does not know the details of your conditions of use. We recommend carrying out small scale tests to confirm suitability. The Company shall not be held liable for incorrect use of its products. Our technical service is at your service to identify the optimal conditions of use for the products.
