DECALFÈ
DECALCIFICANTE UNIVERSALE

Universal descaler for coffee machines. High-performance professional formula, cleans the coffee machine effectively, quickly removing limescale deposits that can cause blockages and malfunctions on the appliance. Contains natural ingredients that do not alter the original flavour of coffee and drinks.

DIRECTIONS :

Pour a dose of product into the empty tank and fill it with water. Leave to work and clean the machine according to the manufacturer's instructions. In case of stubborn deposits, wash again with the same cleaning solution. Thoroughly rinse the tank with running water and rinse the appliance's circuit by dispensing about 2 litres of running water.

DOSAGE: 1 Wash = 75ml of product = 1 DOSE.
Use the indicator band shown to the side to dispense the exact amount of product
